Summer Camp Highlights!

Program Spotlight

○○○○

Between painting lichen logs, embarking on an epic pirate treasure hunt, learning about Minnesota's native animals, and conquering Kerfoot's ropes course and zipline, our young campers had an adventure filled summer.

During this time, we welcomed 162 campers to Ney! This incredible number was made possible by donors like you. With an expanded seasonal staff and available scholarship opportunities, we were able to offer our fun summer camp experience to more community members than ever before. Together, we cultivated lasting memories and a strong passion for nature.

Our staff and participants are looking forward to an exciting year of programs before next summer roles around. Thank you for your continued support and belief in the value of our programs.
